

COUNTRY NEED NOT FEAR COMPETITION

Hurley Tells Foreign Trade Conference Establishment of Marine Makes Nation Sure.

PLEADS FOR LARGE TRADE

Prosperity at Home Results From Extension of U. S. Markets to All Parts of World.

CHICAGO, April 24.—Edward N. Hurley, chairman of the United States shipping board, in addressing the annual convention of the American foreign trade convention tonight declared that with an American merchant marine established, business men of the country had no reason to fear the competition of Great Britain or any other country in extending their export trade. He said that the government already had made adequate plans for the necessary ships which were the controlling factor in the development of foreign trade.

A large export trade, he said, meant prosperity at home. Wide legislation and close co-operation between the government and business, he said, were necessary in the development of foreign business.

All Markets Open.

Every market in the world, he declared, was open to fair dealing Americans who were able to reduce their cost of production. The American wage scale was right because it represented American efficiency and skill. Most of the business and economic problems requiring governmental decision should be determined by a supervising body rather than by lawsuits and agitation.

Mr. Hurley spoke at a banquet given by the convention which was attended by 1,500 representatives of large business interests.

"An American merchant marine is now an accepted fact," said Mr. Hurley. "Our export trade has grown enormously but we cannot feel that it has yet reached its full measure. The whole country has been awakened to the importance of foreign trade and the part it plays in American prosperity."

Enough Ships Sure.

"Ships are the controlling factor in the development of foreign trade. Before the war only 9.7 per cent of total exports was carried in American bottoms. It is our hope, if our program is completed, to have sufficient ships to move 50 per cent of our total commerce in American bottoms. We can't build up our foreign trade in a slipshod manner. We must specialize in trying to meet the needs of different markets and

Scalp Irritation is most objectionable.

Scratching the head can become such a habit that it singles you out as undesirable company. In addition, you are exposing a raw surface continually to the chance of infection. Get rid of that desire to scratch by washing the head with Resinol Soap and touching the sore and irritated spots with Resinol Ointment.

Their healing and soothing medication brings relief and leads to a clean scalp generally clear of the itching condition. The use of the soap and ointment seldom fails to remove pimples, blackheads, and eruptions of the scalp.

For sale at all druggists.

Resinol

For a free trial of soap and ointment write to Resinol, Baltimore, Md.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logged" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 1 and 25c a box. All druggists.

TAKES OUT THE KINKS

Plough's HAIR DRESSING

Colored folks may easily have straight, soft, long hair by simply applying Plough's Hair Dressing and in a short time all your kinky, curly, stiff, and brittle hair becomes soft, silky, smooth, straight, long, and easily handled. Plough's Hair Dressing is a most perfect hair dressing. It is made of pure vegetable oils and is so easy to use that any woman can use it. It is the only hair dressing that will make your hair shine like satin.

25c a box. AGENTS WANTED.

PLOUGH CHEMICAL CO., Memphis, Tenn.

We must purchase raw materials and manufactured products from foreign countries as well as to sell to them. We must take some chances in developing trade routes which are at present unprofitable.

No Fear of England.

"We hear a great deal about what is going to happen to American business when Great Britain and the other nations, supposed to have certain advantages over us, get into full swing. After three months studying the situation in Europe, I have not observed any outstanding advantage which they have over us either from a production point of view or a labor point of view or from the character of products manufactured."

Cover in England you will hear English critics telling their government that Great Britain will never be able to compete with us. We need not worry much over flank movements from our foreign competitors.

"Every market in the world is open to fair dealing Americans who are able to reduce their cost of production. The American wage scale is right because it represents American efficiency and skill. So long as the American working class gives few efforts he is fully entitled to the higher wages he receives. He has the saving grace of this nation, which is common sense. That unobtainable characteristic possessed in

M'DANIELS HELD IN BOND FOR BUYING STOLEN CAR

Timothy McDaniel, charged with receiving stolen property, was released under bond of \$2,000 at his preliminary hearing Friday before Justice S. C. Maxey, for trial before the district court. McDaniel denied the charge, declaring he had purchased the car and later resold it without knowledge that it was stolen property.

An automobile was stolen from David H. Wade, employed by the Frisco Pipe Line company near Jenks. The loss was discovered March 18. A few days later Wade saw a car parked in the city which appeared to be the one which had been stolen from him. An investigation proved that he was correct. The defendant was unable to produce sufficient testimony to show that he was lawfully in possession of the car or that he did not know the car had been stolen when he made the purchase and later the sale.

ASK YOUR NEIGHBOR ABOUT SHANNON'S

GAS EXPLOSION RESULTS IN FIRE

Home of Charles Berry Is Damaged to Extent of About \$450.00

Following a gas explosion in the kitchen of the home of Charles Berry, negro, at 408 North Frankfort avenue, at 10 o'clock on Wednesday forenoon, a fire resulted that destroyed about \$450 worth of property. The flames spread to other rooms in the house when gas ignited and had consumed the greater part of the contents of the house when the fire department arrived.

Two fire companies laid 1,400 feet of hose with two lines and extinguished the fire after 30 minutes of fighting. The house belonged to Walter Mettee and was occupied by the Berry family. No one was injured when the kitchen stove blew up.
